Local Government Association
NRPF Network
Thangam Debbonaire MP, Shadow Secretary of State for Housing

18 June 2020

Dear Chief Executive and Council Leader/Mayor

Re: Support for homeless people, including those with no recourse to public funds (NRPF), during and after the Covid-19 pandemic

We are writing to urge your local authority to commit to providing ongoing shelter and support to all those experiencing or at risk of homelessness during and after the Covid-19 pandemic, and to do so regardless of immigration status.

We are also asking you to join us in publicly calling on the government to end the ‘no recourse to public funds’ (NRPF) regime, which exposes many people living in the UK to destitution, including rough sleeping.

We recognise that councils are operating under extremely challenging conditions due to the pandemic. We are also aware that a decade of austerity, combined with a loss of revenue as a result of ‘lockdown’ measures, has placed local-authority budgets under severe strain.

It is clear that central government has not provided sufficient funding to local authorities to support homeless people during this crisis. This has been compounded by the failure of MHCLG to provide guidance on what legal powers councils should use to support those who would not normally be eligible for assistance. The NRPF condition, which restricts some migrants’ access to welfare benefits, has placed the burden of supporting such people on overstretched local authorities.¹

As a result, and despite the efforts of some councils, many homeless people, particularly those with NRPF, remain without shelter during this pandemic. Others have experienced unacceptable ‘gatekeeping’ or have received inadequate support once accommodated.² Some people with insecure immigration status have been told by councils that their information may be shared with the Home Office for immigration-enforcement purposes.

As lockdown measures are eased, we are extremely concerned that some homeless people, particularly those with NRPF, may be evicted from council-provided accommodation and be

² Jolly, A., Sojka, B., Dickson, E., Qureshi, F., Stamp, D., Morgan, B. (2020) Local Authority Responses to people with NRPF during the pandemic: Interim project findings briefing. ICRD, Wolverhampton
https://www.researchgate.net/publication/341651441_Local_Authority_Responses_to_people_with_'No_Recourse_to_Public_Funds'_during_the_pandemic_Interim_project_findings_briefing

forced to return to destitution. This would be a moral, humanitarian and public health catastrophe, especially given that many shelters will be unable to reopen due to ongoing social distancing requirements.

As you will be aware, the homelessness minister recently confirmed that the legal position on support for people with NRPF ‘has not changed’, suggesting that councils should make use of ‘voluntary repatriation’.³ We are deeply concerned by these announcements.

Nobody should be forced to sleep rough, regardless of their immigration status. Nobody should be forced to leave the country they call ‘home’.

In light of the above, we are asking your local authority to take the following steps:

1. Commit to continuing to support everybody who is, or is at risk of, sleeping rough, and to do so regardless of immigration status. This commitment must include assurances that nobody will be evicted from temporary accommodation provided through the pandemic response unless and until suitable long-term housing has been found for them.
2. Urgently and publicly advocate to central government for the removal of all NRPF restrictions, including those that apply to undocumented migrants and EEA citizens without a qualifying right to reside, to ensure that everyone can access shelter and meet their basic needs during and after the Covid-19 pandemic.
3. Provide assurances that homeless people’s data will never be shared with the Home Office without their informed consent and that nobody will be offered ‘voluntary return’ or ‘reconnection’ to their country of origin as a ‘single service offer’.

We are grateful to those local authorities who have already signalled their wish to ensure that nobody is forced to return to the street. However, in these extraordinary circumstances, further efforts are required to uphold everybody’s right to shelter, regardless of immigration status.

We look forward to hearing from you and to continuing to work with you around this issue. Please send your response to advocacy@haringeymsc.org

Yours faithfully,
